

Blythedale  
Children's  
Hospital  
invites you to join

# The Leadership Circle

*The Hospital's Ventilator Weaning Program is a nationally recognized center of excellence and Blythedale was the first hospital in the United States to develop a post-NICU/post-PICU program.*

*Blythedale is one of 19 specialty children's hospitals in the United States, and the only independent specialty children's hospital in New York State.*

*Blythedale is New York's only hospital with its own Special Act, public K-12 school district on site, combining medical and therapeutic care with a state-certified educational curriculum, including arts and music.*

For more than 100 years, Blythedale has been committed to improving the health and well-being of children through extraordinary patient care, research, advocacy and teaching.

We are pleased to offer you the opportunity to change the lives of children with complex medical conditions by joining the Blythedale Children's Hospital Leadership Circle. This exclusive community of donors provides a foundation of support for the Hospital on an annual basis. The

*Blythedale has the largest hospital-based pediatric therapy department in New York State, with 75 full-time occupational, physical and speech therapists.*

# The Leadership Circle

Blythedale serves the most critically ill children in the region—regardless of ability to pay. By joining The Leadership Circle, you will ensure that all children get the care they need and the opportunity to learn, play, grow and dream.

Leadership Circle will enable Blythedale to continue to grow as a national leader in developing innovative, multi-disciplinary medical and therapeutic programs, as well as strengthen our position as a community resource for children with a variety of complex medical challenges.

The children of Blythedale make extraordinary gains and maximize their potential each day through the guidance and support of our clinical team of physicians, nurses and therapists. By joining

The Leadership Circle, you will become an important part of this team and change the lives of medically fragile children and their families.
